

Stefanie Sonneveld, Business Development Representative SQFI

Stefanie has over 25 years in the food industry, working in quality and food safety from "farm to fork". She has extensive experience in consulting, auditing, training and business development.

Stefanie brings a unique perspective to the panel discussion with experience:

- In industry (e.g. fresh and minimally-processed produce, bakery, and meat to name a few)
- Certification and Technical Manager at a Certification Body (NSF)
- As an auditor and consultant of GFSI benchmarked standards
- Working for a SQFI (CPO) as technical/business development rep
