

Professional Bio

Bruno Levesque is a seasoned pest management professional and business leader with more than 27 years of experience with Orkin Canada. Beginning his career as a Sales and Service Technician in 1999 while attending the University of Windsor. Upon graduation, Bruno progressed through a variety of operational, sales, and leadership roles, including Branch Manager, Area Manager, Region Manager, and Vice President of Operations.

In July 2026, Bruno was appointed President of Orkin Canada, bringing a deep understanding of the business from the frontline to the executive level. His extensive experience has given him a unique perspective on customer service, operational excellence, people development, safety, and building strong teams.

Bruno is also an **Associate Certified Entomologist (ACE)**, reflecting his technical knowledge and commitment to professionalism within the pest management industry. Throughout his career, he has focused on developing people, strengthening operations, and creating a culture where employees can succeed and customers receive exceptional service.

As President, Bruno continues to bring his hands-on industry experience, operational expertise, and passion for people to his leadership of Orkin Canada.
